- Personalised attention and individual mentoring

*Nature is written in  
mathematical language*

*-Galileo Galilei*

## About S. Avi

IIT Roorkee graduate (Electrical Engineering)  
Cracked Indian Engineering Services (IES) examination in very first attempt.  
One of the Highest scorer in Mathematics Optional in UPSC CSE  
Mentoring students for over five years.

With his deep interest in Mathematics coupled with innovative approach, he has changed the pedagogical paradigm. His successful mentoring has made the subject increasingly popular amongst the aspirants. His engaging visualisation techniques (cone as Joker's hat or Shiv Damaru as hyperboloid) has made the subject interesting. His students always feel poetry in abstract Mathematics.

His updated test series program follows the changing pattern of the exam closely and helps students be ready for the Main examination.
